Diabetes

Mohammad Salman Sheikh

54 years old, Dubai, 2020

I was suffering from diabetes disorder from last 25 years have tried all the possible things to control my sugar level, from diet, exercise and medication. In July 2016 my close friend inform me about stem cell therapy for diabetic treatment. I contacted to stemcellcareindia to help me to get the advantage of stem cell therapy of my conditioned. They sent me all the detail in matter of 24 hours. Everything went smoothly and very soon i admitted in the hospital for the treatment.

The treatment started to take effect after one week, I could not believe it, my blood sugar shows lower reading and gradually reduced my medicine.

Alok Sharma

25 years old, Delhi, 2021

I am Alok sharma from Delhi 25 years old patient suffering from diabetic type 1 student of Delhi University. I got the treatment of my diabetic disorder through stem cell therapy and currently i am feeling very relax due to mesenchymal stem cell therapy. Doctor and supporting staff help me alot during the treatment in the hospital. Doctor injected me stem cell therapy through intravenous injection. In matter of 2 month my insulin level is drastically down and feeling more energetic and can concentrate my studies.

Abdul Samad

45 years old, Sudan, 2022

Abdul Samad is a 45 year old person from Sudan who was suffering from Diabetic Type 2 from the last 7 years. The patient got the detail online about stem cell therapy and he contacted to stemcellcareindia and after getting the complete detail, he decided to come in india for his stem cell therapy.

Patient was admitted in hospital and the schedule for the therapy includes stem cell transplant along with a rehabilitation program started from the same day. The mesenchymal stem cells derived from the umbilical cord injected to the patient through IV injection in span of 7 days. Patient was After 2 month of the treatment by the follow up of the patient HbA1C has dropped more than 1 point to 7.5 and he is reliefs of the pain in the legs and is also feeling more energetic.

Mark Paterson

48 years old, USA, 2021

I, Mark Paterson, was suffering from uncontrollable diabetes since past 10 years. I also had to face the problem of frequent urination. However, with the medical facilities at StemCellCareIndia, I am now a cured man.

Type-1 Diabetes

Mrs. Halter

58 years old, Canada, 2016

At the age of 56, my mother, Mrs. Halter, stumbled upon the problem of Type 1 diabetes. We consulted the team of specialists at StemCellCareIndia and with their treatment, my mother is fit and fine now.

Jasmine

45 years old, Australia, 2019

Jasmine took stem cell treatment from SCCI in India to cure her Type 1 diabetes. Within the weeks after the stem cell process, her average sugar levels plunged to 110-130.

Mariam

63 years old, Kenya, 2020

last thing Mariam expected was to be detected with Type 1 diabetes. She exercised, ate well and kept her weight closely controlled. Then, she decided to undergo stem cell treatment with SCCI in India; she is very satisfied with the treatment and is living a better life now.

Chelsea

49 years old, UK, 2017

Finally, as per her specialist's recommendations, Chelsea had undergone stem cells infusions from her own mesenchymal cells to treat Type 1 diabetes. The entire treatment was a one-day event and SCCI's team critically supported Chelsea in the whole process and was discharged under acceptable conditions.

Mr. Bawa

63 years old, Tamil Nadu, 2018

Mr. Bawa is very happy that he could get help from StemCellCareIndia, which offered him stem cell treatment and cured his Type 1 diabetes concern. The treatment that was offered to him was a combinational approach touching all the aspects of diabetes-related obstacles.

Type-2 Diabetes

Kritika Aswani

46 years old, Jaipur, India, 2021

I am very happy that I choose Stem Cell Care India for my treatment of diabetes. The treatment was very helpful and all the staff there was too. Doctors were always motivating and explained the treatment nicely so my tensions were relieved. They also helped me a lot with my visa procedures, and my stay, and also even arranged for a translator. I can't really thank them enough. I recommend getting treatment from them

Anahita De Blok

38 years old, North Holland, 2020

I was suffering from diabetes and the physician said that this condition will stay the same for a lifetime and I have to regularly inject myself with insulin. But by using stem cell therapy, my glucose levels are more stable and I don't have to do any extra effort. It's a great treatment. I am thankful to SCCI for their professional assistance and extensive care.

Tammy M Medina

46 years old, Canada, 2022

I needed to find a treatment for diabetes that will not only save my time but also save me from the trouble of those insulin shots or steroids. I was determined to find an effective aid. After a bit of research, I came across Stem Cell Care India and contacted them to know more about how will stem cells be helpful. Their explanation was all I needed to undergo this therapy and truly the results were a lot better than expected. Stem Cell Care India is really a great facility for people who want to get stem cell therapy. I visited around a bit and all I was able to see were patients relaxing and the staff happily assisting them.

Rubina

48 years old, Kuwait, 2019

Hi, I am Rubina from Kuwait, and I visited India with my family to treat my condition. While searching for the same, I learned about stem cell treatment for type 2 diabetes via stem cell.

Diabetic Foot Ulcers

Denilson Van Kats

56 years old, Netharland, 2022

Hi, I firstly want to start by thanking the amazing minds at Stem Cell Care India for helping me out during my treatment. They not only assisted me in having the best treatment but also helped me with the international travel-related issues. I am surprised how much I was struggling and as soon as I got them to give me some assistance, all the struggle just disappeared. I would suggest everyone who is traveling to India for Stem Cell Therapy consider Stem Cell Care India. They are great at what they do..

Nelline

43 years old, US, 2022

I am Nelline from US. I received required multiple infusion of stem cells at Stem Cell Care India in November 2018. Before this, I was a diabetic patient with my blood sugar levels ranging 340-370, a couple of foot sores which were open for around a year and some difficulty with my kidneys as well. Within the weeks after taking the stem cell procedure at SCCI, my average sugar levels plunged to 120-160. In case if I failed to control my sugar consumption, occasionally the sugar level would rise, however, it descents rapidly the following day. At the same point in time, I lost a great mass of body weight and also observed an enhanced body complexion. My kidneys and other organs are also wholly normal now. Both the diabetic foot ulcers cured within 20 days after the stem cell therapy at SCCI. Thanks a lot!

Eddie A. Whitehead

48 years old, California, 2020

I recently received stem cell therapy for my foot ulcer on the advice of my wife and this therapy seems to have been working wonders as my condition has become a lot better. Also, I have no complaints related to my hospitalization as that went by in a breeze of comfort. All the healthcare workers there were so kind and helpful to me. I am sure that they are the best clinic I have ever visited.

Thomas

60 years old, USA, 2020

At the age of 60, my mother encountered the problem of foot ulcers. We consulted the team of experts at Stem Cell Care India and with their treatment, my mother is fit and fine now.

Diabetic Neuropathy

Akash

31 years old, Brazil, 2017

I would like to thank the medical specialists of Stem Cell Care India for the treatment of diabetic neuropathy that helped me get rid of this disease most easily and reasonably in India.

Mr. Jack

51-year-old, Canada, 2016

Mr. Jack has been suffering from uncontrolled diabetes mellitus for the past 10 years with featured diabetes neuropathy. He was encountering a problem with recurrent urination, blurred vision, deranged sugar level in his blood, and extreme exhaustion. After the stem cell treatment with SCCI, his condition has improved a lot.

Carole

3 years old, UK, 2019

Carole was diagnosed with diabetic neuropathy and to cure it, she decided to travel to India for stem cell treatment. With SCCI, she got amazing results post-treatment. She is very appreciative to the whole staff of SCCI for supporting his stay in India so well.

Rosella

43 years old, Norway, 2018

Rosella is ecstatic with her treatment outcomes after undergoing stem cell treatment for diabetic neuropathy. She was detected with this ailment some years back and in trying to find herself an idyllic treatment and an enhanced quality of life, she decided to try stem cell treatment in India with SCCI

Ahmed

43 years old, Saudi Arabia, 2020

I have been suffering from diabetic neuropathy for the past 7 years. To cure it for life, I decided to contact SCCI in India for stem cell therapy. After the therapy, my condition has improved a lot and I am able to live a healthy life now.

Diabetic Nephropathy

Kristin N. Siller

39 years old, New York City, 2020

I was diagnosed with diabetes a few years ago and it really took my quality of life away. I was in so much pain all the time, my kidneys were failing and my vision was getting blurry. I had been looking into getting stem cell therapy for a while but it was just too expensive and I didn't think it would help me. Then I found out about this place in India offering treatments at affordable prices than anywhere else so I figured I'd give it a try. They helped me a lot. I want to thank SCCI..

Sarrah Barros

46 years old, Brazil, 2022

I was looking for a treatment for my diabetic nephropathy and was having a hard time finding one but I found Stem Cell Care India which uses stem cell treatment for its patients. I was lucky enough to find a patient who went to this clinic for treatment and was able to get an idea of how the whole process works and the results it brings. My doctor told me that this is an effective treatment for diabetic nephropathy and I decided to go with it. I have improved a lot since then.

Riya Mathur

44 years old, Sikkim, 2021

I was indecisive about stem cells at first but after doing my own research I decided to go in for this procedure. I'm glad I did, the procedure was less painful as my doctor explained and I saw good results in a short period of time. Overall a very effective procedure and I'm happy with my results. I would recommend both Stem Cell Therapy and Stem Cell Care India, the clinic to everyone in need.
